

Southern Ocean and Antarctica

Bathymetry data reproduced from the GEBCO_08 Grid, www.gebco.net

Imagery for land areas north of 60°S is taken from NASA's Blue Marble Next Generation data set (NASA's Earth Observatory, <http://earthobservatory.nasa.gov/Features/BlueMarble/>). South of 60°S, coastline and ice shelf limits are taken from the Scientific Committee on Antarctic Research's (SCAR) Antarctic Digital Database (ADD, www.add.scar.org).
