## GEBCO Digital Grid

Updates - Data compilation is Underway for  
“test area” in N E Atlantic  
45° - 67°N, 30°W - 30°E

Pauline Weatherall working on inclusion of ENC data  
Colin Jacobs working on inclusion of multibeam data

Although “working for GEBCO”, economic realities dictate that soft money has to be chased at times. I should be full-time on GEBCO before and after Christmas.

# Bathymetric Editor Report

Global Maps arrived at the end of May

A number were damaged around their edges in transit

Several thousand remain in good condition to distribute

# Bathymetric Editor Report

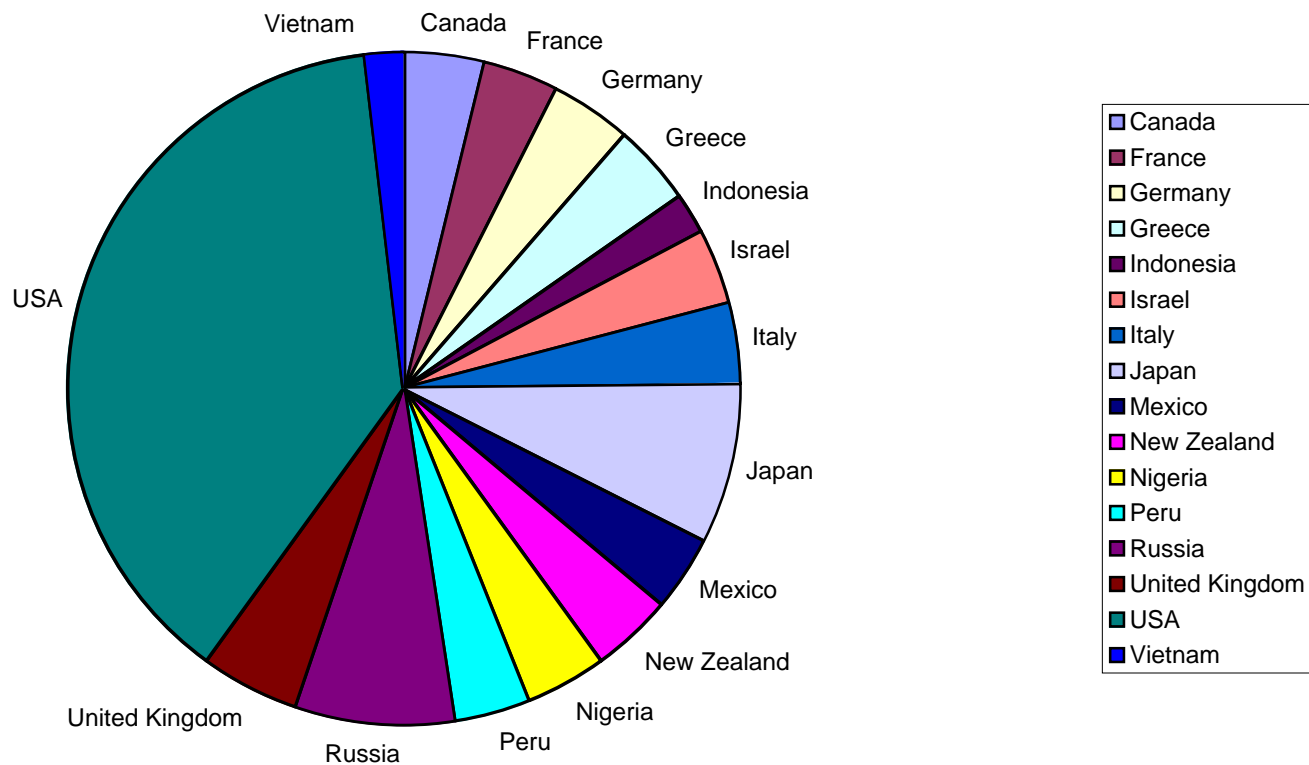

Global Map Distribution - 525 - to 3 Sep 2007
