

## Error reported in the GEBCO\_2019 Grid in the Atlantic Ocean off Newfoundland (46° 46'W; 50° 24'N)

A 'trench-like' feature has been reported in the GEBCO\_2019 Grid in the area 46° 46'W; 50° 24'N. This 'feature' relates to the position of source trackline data included in the grid and is an artefact of the grid generation process.

An image of the GEBCO\_2019 Grid for this region is shown below. The image on the right shows the coverage of trackline data used in the grid generation process.

For further information about the GEBCO\_2019 Grid, visit GEBCO's web site: [https://www.gebco.net/data\\_and\\_products/gridded\\_bathymetry\\_data/](https://www.gebco.net/data_and_products/gridded_bathymetry_data/)
