

Call for Expression of Interest GEBCO Symposium on Bathymetry MAP THE GAPS

Canberra, Australia - 14 November 2018

Hosted by Geoscience Australia

The IHO/IOC Committee for the General Bathymetric Charts of the Oceans (GEBCO, www.gebcos.net) is an international body undertaking global bathymetric mapping and naming of undersea features.

The GEBCO Symposium on Bathymetry is a forum to share, learn and collaborate with others in the ocean mapping and related communities. This event is held only once a year and draws a diverse group of professionals, media, scientists and policy makers. It is a day filled with discussion, digital and oral presentations, and networking.
